This was hardly a normal condition. Today, steers of top grade will gross nearly twice as much as Today, steers of top grade will gross nearly twice as much as the low quality steers. It costs no more to produce a good one.

This means it costs more today than ever before to use a mediocre bull. In the months and years directly ahead, every purebred breeder will find a quick market for his good ones but will find it increasingly difficult to sell animals lacking in quality.

Start today to improve your herd. There is no reason to produce cattle of mediocre quality when you can buy superior seed at the Toronto Annual sale at prices every cattleman can afford to pay.
